# Christian Academy offers an education with a difference

Founded in 1981 by the congregation of First Assembly of God, our vision is that our graduates will be servants, stewards, scholars, and statesmen who have *"a mind for truth and a heart for God,"* prepared to lead their generation to advance God's kingdom as He has gifted and called them. Our mission is to educate and train young men and women for the glory of God.

## Philosophy of Education

From preschool to 12th grade, we employ the Principle Approach®: America's historic Christian method of Biblical reasoning that makes the truth of God's character and His Word the basis of every subject. Starting from preschool, we provide a well-balanced student development program in a nurturing environment with structured routines, including a balance of opportunities for the development of the whole child from a biblical perspective. Christian Academy's high school has a college-preparatory focus, with an intensive classics-based academic program.

## Christian Character

We believe that Christ-like character begins with servanthood, thus we teach students to selflessly serve their peers, families and communities. Christian character is also cultivated through the practice of scholarship in every class, with a focus on reasoning, diligence, and productivity. We encourage Christian self-government—leading students to understand the causes and effects of their choices— and stewardship of their time, talents, and their consciences. These traits lead to mature students who demonstrate Christian statesmanship and leadership.

## Patriot Athletics

Our Christian Academy Patriots compete with honor and a tradition of excellence. Sportsmanship and discipline are key to our athletic program. We offer team and individual sports such as basketball, volleyball, and track. Christian Academy is a member of the ILH, CSAL and PAC-5.

## Leadership Development

Leadership skills are introduced through opportunities in student government and community service. Whether participating in a debate, speaking at chapel, or acting as a student body representative, our students are challenged to develop their leadership skills. Our middle and high schoolers serve on an annual week-long mission trip. Donations to food drives and collecting offerings for missionaries and humanitarian organizations also encourage a lifestyle of selflessness, sacrifice and servanthood.
